

**Current Report No:** 33/2012  
**Report Date:** 2012-09-04  
**Subject:** Correction of the extended consolidated periodic report of WIKANA for the 1<sup>st</sup> half of 2012  
**Legal basis:** Art. 56, clause 1, item 2 of the Act on shares offer – current and periodic information notes

Content of the report:

The management board of the WIKANA SA (Company) informs that they shall announce a correction of the extended consolidated periodic report of the Company for the 1st half of 2012 published on 31st August 2012 and shall do so immediately after the publication of this current report.

The correction concerns the consolidated 6 months financial report for the 1<sup>st</sup> half of 2012 – the P1\_GK\_Wikana.pdf file attached to the 6 months report:

- pages 10-11: the individual "cash flow statement" was placed there by mistake, instead of the "consolidated cash flow statement" ("selected financial data" concerning the condensed consolidated finance statement contained correct data concerning cash flows). the corrected financial report contains the "consolidated cash flow statement".

- page 13: note 1B formerly contained a copy of the table entitled "Changes in fixed assets (according to type groups) – 1<sup>st</sup> half of 2012, WIKANA SA" instead of the table entitled "Changes in fixed assets (according to type groups) – 1<sup>st</sup> half of 2012, GRUPA WIKANA SA". In the corrected financial report, note 1B contains the table "Changes in fixed assets (according to type groups) – 1<sup>st</sup> half of 2012, GRUPA WIKANA SA".

The remaining data presented in the extended consolidated report of WIKANA SA for the 1<sup>st</sup> half of 2012 remain unchanged.

Detailed legal grounds: §6, clause 4 of the Decree of the Minister of Finance of 19<sup>th</sup> February 2009, concerning current and periodic information notes published by issuers of securities [...].
